

## CALL VORTEK AVIATION AT **832-698-4160** TODAY TO RECEIVE OUR **CITATION UPGRADE PROGRAM** BROCHURE

Vortek Aviation sets the standard for upgrading older Citation models with the latest in next generation technology and high quality interior design. With our Citation Upgrade Program we can work with you to develop a solution that fits both your budget and time constraints.

Whether you need a complete overhaul of the existing legacy avionics, need to comply with the ADS-B mandate, want to implement WAAS/LPV approach or simply want to freshen up the leather on those well worn seats, let Vortek Aviation help bring your aircraft into the 21st century.

Conveniently located at David Wayne Hooks Airport in NW Houston, Vortek Aviation is the go-to team to address your avionics and interior upgrades for the **Citation 500/600 Series**. Call today to receive our detailed brochure on how Vortek can help you breathe new life into your aircraft.
